

Smart Grids, Renewables & Storage Leading the Transition Towards a new European Energy System

Thursday 7 June 2018 - 11.00 - 12.30
Brussels

Agenda

11.00 – 11.05 **Welcome and Introduction**
Patrick Clerens, EASE Secretary General

Presentation on innovation as a driving force behind energy transition (notably innovation on storage and batteries)

Diego Pavia, CEO, EIT InnoEnergy

Storage: an enabler for wind energy integration

Pierre Tardieu, Chief Policy Officer, WindEurope

11.05 – 11.35

NICE GRID: A leap forward into the smart grids age

Thomas Drizard, Project Manager 'Nice Smart Valley', EDSO for Smart Grids/Enedis

Sustainable Energy Storage Vision – Solutions from Europe's regions

Pirita Lindholm, Director, ERRIN

Panel Discussion and Q&A

11.35 - 12.25

- Moderator: Patrick Clerens, EASE Secretary General
 - Bo Normark, EIT InnoEnergy, Thematic leader SmartGrids & Storage
 - Pirita Lindholm, Director, ERRIN
 - James Watson, CEO, Solar Power Europe
 - Falk Engelmann, Deputy Head of Department, VKU - German association public utilities
 - Eva Chamizo Llatas, EASE President, Director of European Affairs and Head of the Iberdrola Brussels Office, Iberdrola
-

12.25 -12.30

Conclusions

Patrick Clerens, EASE Secretary General

Smart Grids, Renewables & Storage Leading the Transition Towards a new European Energy System

is organised by

with the support of

LEAD THE CLEAN ENERGY TRANSITION
